Hi Tom;

No, I dont think it's a good idea. Please tell your friend that you work with me.

You dont need to be introduced. Nicks knows about you and Emerging Networks. I have had conversations with him about you.

Thanks,

Hey Javier, my friend with the relationship with Nick at NRIA asked me to send him some info on our company so he could set it up. Are you OK with this? We could work as a team to advance OUR agenda in you're comfortable with it
Please let me know...thank you.
